More About This Special Offer & Pricing Details

In 2021, I successfully guided a group of women through a program called Customer Attraction System where they defined their niche, developed offers, and tested them in the market.

This Magnetic Offers Intensive is part of a larger suite of specialty services I provide to help small business owners like you transform your online presence and go from overlooked to overbooked.

[Follow this link to discover my complete method to stand out as the top choice](#) once you've identified your audience and service offer.

For a limited time, I'm providing this service at a deep discount. Typically, this would be valued at over \$1,000. Some coaches charge \$10,000 to simply *teach* these methods.

I'm offering it all for just \$250.

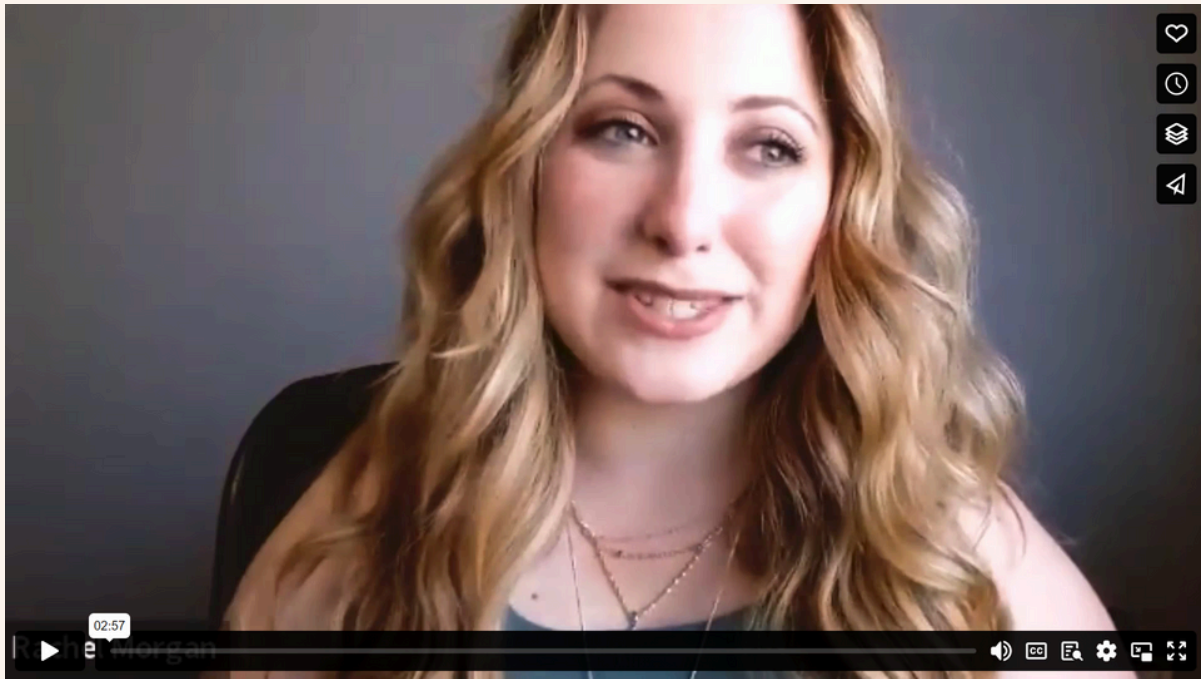

With 20 years of marketing experience and 13 years in business, I'm certain you will receive well beyond the value of this price tag and I'm committed to delivering exceptional service in our time together. Here to support your success every step of the way!

Heather

Founder of Above the Cloud

When I hired Vox Pop Marketing I was making around \$2,000/month. Now I average \$10,000/month with clients spanning the globe. I credit Monica and Vox Pop for my getting global clients, because they wouldn't have known I existed if I hadn't invested in my digital presence.

Rachel

Founder of Rachel Morgan Coaching

I wasn't feeling confident with my marketing and branding and felt unclear about my place. For the first time, I'm feeling REALLY aligned with what I've put together. I understand what I'm doing and feel much more confident. It's alllll clicking and I couldn't be any happier.

Alethea

Founder of Words Sell

Prior to the Brand-Marketing Map, I was really uncomfortable sharing my website and using it as part of my marketing. As a result of mapping my brand, I learned to accept myself for who I am and stop trying to hide behind being "professional". Now that I've got more confidence in my presentation, I love promoting my website and have attracted the right clients since.
